METEC repurchases containers as stated in METEC's General Sales Conditions P6.2, if the following conditions are met:

- The condition of the container allows reuse.
- The minimum quantity requirement is met.
- The container has been dismantled and packaged (stored) according to the instructions we have prepared. (NB! Containers awaiting return may be stored outdoors.)
- We will buy back pallets and containers sold only with Metec products.

*Purchase price is credited back if customer organizes transport of pallets to Metec. If you need Metec to organize transport for the pallets – ask your sales manager for personal options and buyback prices.

Buyback of previously delivered large containers

Should you have a large quantity of large containers delivered by us and you would be interested in reselling them to Tarmetec, please contact your sales manager and provide them with information on the quantity and dimensions of the packaging. Our sales manager will then make a personal offer to repurchase the container and provide you with instructions for pre-shipment packaging.

Relying on your understanding and continued pleasant cooperation,

Tarmetec OÜ Sales Managers Christian Sibul, Margus Padar and Merlene Jalak
